

The committee members stopped in at the Foundation office to make their \$14,000 donation and were joined by Dr. Kolyn and Patrick Gaskin. Proceeds raised will be used towards the purchase of a SPY Machine for Breast Reconstruction. To date, these ladies have raised over \$100,000 and will be provided with a naming opportunity in the new wing.

The women work so hard throughout the year to secure sponsorships and sell tickets. They are an incredible group of women and do so much to support their community!

THANK YOU SO MUCH LADIES! Looking forward to 2018!
